

Pupil premium strategy statement

This statement details our school's use of pupil premium (and recovery premium for the 2023 2024 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school. **School overview**

Part A: Pupil premium strategy plan

Statement of intent

When making decisions about using Pupil Premium funding it is important to consider the context of the school and the subsequent challenges faced. Research conducted by EEF should then be used to support decisions around the usefulness of different strategies and their value for money.

Common barriers to learning for disadvantaged children, can be less support at home, weak language and communication skills, lack of confidence, more frequent behaviour difficulties and attendance and punctuality issues. There may also be complex family situations that prevent children from flourishing. The challenges are varied and there is no “one size fits all”.

Our ultimate objectives are:

- ✓ To narrow the attainment gap between disadvantaged and non-disadvantaged pupils.
- ✓ For all disadvantaged pupils in school to make or exceed nationally expected progress rates.
- ✓ To support our children’s health and wellbeing to enable them to access learning at an appropriate level.

We aim to do this through

- Ensuring that teaching and learning opportunities meet the needs of all the pupils
- Ensuring that appropriate provision is made for pupils who belong to vulnerable groups, this includes ensuring that the needs of socially disadvantaged pupils are adequately assessed and addressed
- When making provision for socially disadvantaged pupils, we recognise that not all pupils who receive free school meals will be socially disadvantaged
- We also recognise that not all pupils who are socially disadvantaged are registered or qualify for free school meals. We reserve the right to allocate the Pupil Premium funding to support any pupil or groups of pupils the school has legitimately identified as being socially disadvantaged.
- Pupil premium funding will be allocated following a needs analysis which will identify priority classes, groups or individuals. Limited funding and resources means that not all children receiving free school meals will be in receipt of pupil premium interventions at one time.

Achieving these objectives:

The range of provision the Governors consider making for this group include and would not be inclusive of:

- Ensuring all teaching is good or better thus ensuring that the quality of teaching experienced by all children is improved.
- Reducing class sizes thus improving opportunities for effective teaching and accelerating progress
- To allocate a 'Catch Up' Enhanced Teaching Assistant to Year Group - providing small group work focussed on overcoming gaps in learning
- 1-1 support where need is identified
- Additional teaching and learning opportunities provided through trained TA's or external agencies
- All our work through the pupil premium will be aimed at accelerating progress, moving children to at least age-related expectations.
- Pupil premium resources are to be used to target able children on Free School Meals to achieve Age Related Expectations
- Additional learning support.
- Support payment for activities, educational visits and residential. Ensuring children have first-hand experiences to use in their learning in the classroom. We will facilitate pupils accessing a wide range of enrichment experiences both in and out of school, which will positively impact on their academic achievement and well-being.
- Behaviour support - we will provide an intensive pastoral support service for pupils and parents, identified by school as vulnerable or in need.
- Extra curricular support eg music additional sessions with specialist teachers
- We will aim for disadvantaged pupils to increase their attendance at school, and thus enabling them to experience the full learning experience at Severnbanks Primary.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Outcomes and progress of the pupils are significantly affected by their SEND and/or socio-economic circumstances?
2	Increased numbers of pupils with complex needs, including speech and language, social communication, poor working memory, processing, attention difficulties, motor skills, social skills, self-regulation and social emotional and mental health.
3	Limited cultural capital / opportunities to experience enrichment opportunities due to their individual circumstances, Covid, socio-economic factors, rurality of location and limited local infrastructure.
4	Disadvantaged pupils have lower attendance due to low importance of school for some parents.

5	Parental engagement is difficult and many parents have their own difficulties and are less likely to be able to support their child's learning. Limited opportunities are not always utilised.
6	Aspirations for pupils is low / limited skilled / professional job prospects in area

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
<p>Pupils make at least expected progress in reading, writing and maths.</p> <p>Progress in Reading</p> <p>Progress in Writing</p> <p>Progress in Mathematics</p> <p>Greater Depth in writing</p>	<p>Gap will close in progress made between PP and non PP.</p> <p>Achieve national average progress scores in KS2 Reading</p> <p>Achieve national average progress scores in KS2 Writing</p> <p>Achieve national average progress scores in KS2 Maths</p> <p>Achieve national average for greater depth writing</p>
<p>Increase overlearning and reinforcement in reading and maths at home and school.</p>	<p>Increase in reading ages and mental maths for PP pupils</p>
<p>Pupils access a wide range of interventions to meet their SEND needs, including speech and language.</p>	<p>As their SEND needs are being addressed, PP pupils make expected progress or exceed their targets set in R,W,M.</p>
<p>An intensive home school link service is provided by Severnbanks to support pupils and/or parents, identified by school as vulnerable or in need.</p>	<p>Parents indicate there are strong links between home and school and support is received for a wide range of needs.</p> <p>Children are provided with pastoral care, guidance and support to raise self-esteem and develop skills of resilience, independence and perseverance.</p> <p>Behaviour incidents are reduced in school due to behaviour support in the school and home.</p> <p>Access Early Help will be successful</p>
<p>PP and PA attendance increases.</p>	<p>Attendance of identified PP pupils increases and the gap between PP and non PP narrows. Reduce the % of PA.</p>

<p>Pupils access a wide range of enrichment experiences both in and out of school.</p>	<p>Pupil surveys reflect enjoyment in school and improved attitudes to learning.</p> <p>Social skills, independence, perseverance and team work are developed.</p> <p>Pupils understand how to self-regulate and are able to learn.</p> <p>Increased attendance in school run clubs</p> <p>Pupils have experience of specialist teachers who can nurture and develop talents eg music</p>

Reduce PA across the school to be in line with NA Maximise the use of strategies to ensure compliance with attendance expectations, e.g. home school contracts, rewards,	The EEF Guide to the Pupil Premium: There is a strong evidence base showing the impact that high- quality interventions can have on the outcomes of struggling students. However, while interventions may well be one part of an effective Pupil Premium strategy, they are likely to be most effective when deployed alongside efforts to improve teaching, and attend to wider barriers to learning, such as attendance and behaviour.	4 , 5, 6

<p>incentives and, if necessary, use of AIMS</p> <p>Rigorously monitor the attendance across the school, inc. of groups of pupils (e.g. SEND, PP, different year groups) so that support can be targeted carefully.</p> <p>Ensure whole school accountability for promoting excellent attendance through whole school strategies & targeted support meetings (esp. for those who with poor attendance history in previous years).</p> <p>Breakfast club subsidy for Disadvantaged pupils.</p> <p>Repeat 24/25</p>	<p>Evidence from previous bespoke packages of support to support PA demonstrates that this support has an impact on pupils' attendance compared to before the package is in place.</p> <p>Breakfast Club for those who are regularly late and miss vital interventions first thing in the morning. Pupils feel more comfortable at the start of the day due to not being late and having breakfast</p>	
<p>To enhance pupils' cultural capital by providing a breadth of experiences</p> <p>Ensure the curriculum is balanced and carefully sequenced, and the topic curriculum allows opportunities for cultural development.</p> <p>Ensure all disadvantaged children have the opportunity to partake in a subsidised experience in KS1 and KS2.
