

Geography Objectives Year 6

Y6	Locational Knowledge	Use world maps, atlases, globes and digital/computer mapping.
Y6	Locational Knowledge	Use map references, symbols and keys including Ordnance Survey Maps
Y6	Locational Knowledge	Use aerial photographs.
Y6	Locational Knowledge	Use fieldwork and observational skills.
Y6	Locational Knowledge	Identify the position and significance of Northern Hemisphere, Southern Hemisphere, the Arctic and Antarctic Circle.
Y6	Locational Knowledge	Use maps to focus on Russia concentrating on their environmental regions, key physical and human characteristics, countries and major cities.
Y6	Place Knowledge	Ask and answer geographical questions such as: What is this place like? What or who will I see in this place? What do people do in this place?
Y6	Place Knowledge	Understand geographical similarities and differences through the study of the human and physical geography of Russia / Arctic and Antarctic.
Y6	Human and Physical Geography	Describe key aspects of: Physical geography including: Climate zones and vegetation belts. Human geography including: water
Y6	Geographical Skills and fieldwork	Use fieldwork to observe, measure, record and present the human and physical features in the local area using a range of methods, including sketch maps, plans and graphs and

		digital technologies.
Y6	Geographical Skills and fieldwork	Use the 6-grid references
Y6	Geographical Skills and fieldwork	Use maps, atlases, globes and digital / computer mapping to locate countries and describe features in Russia, and Arctic/Antarctic Region
Y6	Geographical Skills and fieldwork	Use symbols and key (including the use of Ordnance Survey maps) to build their knowledge of the world including locating the Northern and Southern Hemisphere, including the Arctic and Antarctic Regions.
Y6	Geographical Skills and fieldwork	Use Digital technologies to Research and present the human and physical features in the Arctic and Antarctic Region.
