

Pupil premium strategy statement

This statement details our school's use of pupil premium (and recovery premium for the 2021 to 2022 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

Part A: Pupil premium strategy plan

Statement of intent

When making decisions about using Pupil Premium funding it is important to consider the context of the school and the subsequent challenges faced. Research conducted by EEF should then be used to support decisions around the usefulness of different strategies and their value for money.

Common barriers to learning for disadvantaged children, can be less support at home, weak language and communication skills, lack of confidence, more frequent behaviour difficulties and attendance and punctuality issues. There may also be complex family situations that prevent children from flourishing. The challenges are varied and there is no “one size fits all”.

Our ultimate objectives are:

- ✓ To narrow the attainment gap between disadvantaged and non-disadvantaged pupils.
- ✓ For all disadvantaged pupils in school to make or exceed nationally expected progress rates.
- ✓ To support our children’s health and wellbeing to enable them to access learning at an appropriate level.

We aim to do this through

- Ensuring that teaching and learning opportunities meet the needs of all the pupils
- Ensuring that appropriate provision is made for pupils who belong to vulnerable groups, this includes ensuring that the needs of socially disadvantaged pupils are adequately assessed and addressed
- When making provision for socially disadvantaged pupils, we recognise that not all pupils who receive free school meals will be socially disadvantaged
- We also recognise that not all pupils who are socially disadvantaged are registered or qualify for free school meals. We reserve the right to allocate the Pupil Premium funding to support any pupil or groups of pupils the school has legitimately identified as being socially disadvantaged.
- Pupil premium funding will be allocated following a needs analysis which will identify priority classes, groups or individuals. Limited funding and resources means that not all children receiving free school meals will be in receipt of pupil premium interventions at one time.

Achieving these objectives:

The range of provision the Governors consider making for this group include and would not be inclusive of:

- Ensuring all teaching is good or better thus ensuring that the quality of teaching experienced by all children is improved.
- Reducing class sizes thus improving opportunities for effective teaching and accelerating progress
- To allocate a 'Catch Up' Enhanced Teaching Assistant to Year Group - providing small group work focussed on overcoming gaps in learning
- 1-1 support
- Additional teaching and learning opportunities provided through trained TA's or external agencies
- All our work through the pupil premium will be aimed at accelerating progress, moving children to at least age-related expectations.
- Pupil premium resources are to be used to target able children on Free School Meals to achieve Age Related Expectations
- Additional learning support.
- Support payment for activities, educational visits and residential. Ensuring children have first-hand experiences to use in their learning in the classroom. We will facilitate pupils accessing a wide range of enrichment experiences both in and out of school, which will positively impact on their academic achievement and well-being.
- Behaviour support - we will provide an intensive pastoral support service for pupils and parents, identified by school as vulnerable or in need.
- We will aim for disadvantaged pupils to increase their attendance at school, and thus enabling them to experience the full learning experience at Severn-banks Primary.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Outcomes and progress of the pupils are significantly affected by their SEND and/or socio-economic circumstances?
2	Increased numbers of pupils with complex needs, including speech and language, social communication, poor working memory, processing, attention difficulties, motor skills, social skills, self-regulation and social emotional and mental health.
3	Limited cultural capital / opportunities to experience enrichment opportunities due to their individual circumstances, Covid, socio-economic factors, rurality of location and limited local infrastructure.
4	Disadvantaged pupils have lower attendance due to low importance of school for some parents.
5	Parental engagement is difficult and many parents have their own difficulties and are less likely to be able to support their child's learning. Limited opportunities are not always utilised.
6	Aspirations for pupils is low / limited skilled / professional job prospects in area

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
<p>Pupils make at least expected progress in reading, writing and maths.</p> <p>Progress in Reading</p> <p>Progress in Writing</p> <p>Progress in Mathematics</p> <p>Greater Depth in writing</p>	<p>Gap will close in progress made between PP and non PP.</p> <p>Achieve national average progress scores in KS2 Reading</p> <p>Achieve national average progress scores in KS2 Writing</p> <p>Achieve national average progress scores in KS2 Maths</p> <p>Achieve national average for greater depth writing</p>
<p>Increase overlearning and reinforcement in reading and maths at home and school.</p>	<p>Increase in reading ages and mental maths for PP pupils</p>
<p>Pupils access a wide range of interventions to meet their SEND needs, including speech and language.</p>	<p>As their SEND needs are being addressed, PP pupils make expected progress or exceed their targets set in R,W,M.</p>
<p>An intensive home school link service is provided by Severnbanks to support pupils and/or parents, identified by school as vulnerable or in need.</p>	<p>Parents indicate there are strong links between home and school and support is received for a wide range of needs.</p> <p>Children are provided with pastoral care, guidance and support to raise self-esteem and develop skills of resilience, independence and perseverance.</p> <p>Behaviour incidents are reduced in school due to behaviour support in the school and home.</p> <p>Access Early Help will be successful</p>
<p>PP attendance increases.</p>	<p>Attendance of identified PP pupils increases and the gap between PP and non PP narrows.</p>
<p>Pupils access a wide range of enrichment experiences both in and out of school.</p>	<p>Pupil surveys reflect enjoyment in school and improved attitudes to learning.</p> <p>Social skills, independence, perseverance and team work are developed.</p> <p>Pupils understand how to self-regulate and are able to learn.</p> <p>Increased attendance in school run clubs</p>

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Writing

Assess attainment on entry after Covid lockdown and address any fall in attainment for PP pupils to ensure pupils are on-track from their phase results and that previous phase gaps (and gaps on entry) with Non-PP are closed.

Writing linked to topic curriculum with enrichment of language supported by high quality teaching of writing skills in English.

All teachers adjusted curriculums from Y1-6 to focus on basic skills. Pastoral team supporting pupils emotionally so ready to learn and engaged in lessons.

- Across the whole school, Writing entry data showed a significant fall at ARE with all year groups, well below their previous phase results.
- By the end of KS2, Y6 PP pupils had made good progress in Writing, with 55% PP pupils at ARE compared to 36% at end of KS1.
- By the end of KS1, Y2 PP pupils had made good progress in writing, with 58% PP pupils at ARE compared to 0% in the autumn term 2 assessment.
- In year gaps closing in Y5 with the gap widening the greatest in Y1 & Y4.
- While Y3 had no official KS1 assessment, attainment from end of term 2 2020 to end of year show progress from 12.5% to 56%
- Y5 finished with increased attainment with 58% of PP pupils meeting ARE compared to their KS1 data

<p>All children will achieve well, with specific focus on: SEND, Pupil Premium and Previously High Attaining Children.</p> <p>Maths</p>	<ul style="list-style-type: none"> • Across the whole school, Maths entry data showed a significant fall at ARE with all year groups well below their previous phase results. • Autumn 2 data (Dec 20) across the school demonstrated a return to inline or above KS1 data or previous phase data. The January lockdown had a significant impact on maths 															

Assess attainment on entry after Covid lockdown and address any fall in attainment for PP pupils to ensure pupils are on-track from their phase results and that previous phase gaps (and gaps on entry) with Non-PP are closed.

- By the end of KS2, Y6 PP pupils had made progress in Maths, with 64% PP pupils at ARE than compared to their KS1 result of 43%
- The gap between PP and Non PP was eradicated by end of KS2
- Greatest progress in terms of increasing the number of pupils at ARE (from September entry baselines) was seen in Y1, Y2 & Y3.
- While Y3 had no official KS1 assessment, attainment from entry increased with in-year gap remaining broadly the same.
- Concerns with Y4 and Y5 where gap is widening for PP pupils meeting ARE in maths
