Subject: Art

Intent

Our Art curriculum will allow provide pupils with opportunities to explore and enhance personal development in creativity, independence, judgement and self-reflection. It enables pupils to develop a natural sense of wonder and curiosity about the world around them and therefore links with our curiosity curriculum. Our art curriculum will develop children’s critical abilities and understanding of their own and others’ cultural heritages through studying a diverse range of male and female artists and designers throughout history.

Generating Ideas Key Skills	Talk about their ideas and explore different ways to record them.	Explore their own ideas using a range of media.	Begin to generate ideas from a wider range of stimuli, exploring different media and techniques.	Generate ideas from a range of stimuli and carry out simple research and evaluation as part of the making process.	Generate ideas from a range of stimuli, using research and evaluation of techniques to develop their ideas and plan more purposefully for an outcome.	Develop ideas more independently from their own research. Explore and record their plans, ideas and evaluations to develop their ideas towards an outcome.	Draw upon their experience of creative work and their research to develop their own starting points for creative outcomes.
--	---	---	--	--	---	--	--

Sketchbook Key Skills	Experiment with mark making in an exploratory way.	Use sketchbooks to explore ideas in an open-ended way	Experiment in sketchbooks, using drawing to record ideas. Use sketchbooks to help make decisions about what to try out next.	Use sketchbooks for a wider range of purposes, for example recording things using drawing and annotations, planning and taking next steps in a making process.	Use sketchbooks purposefully to improve understanding, develop ideas and plan for an outcome.	Confidently use sketchbooks for purposes including recording observations and research, testing materials and working towards an outcome more independently.	Using a systematic and independent approach, research, test and develop ideas and plans using sketchbooks.

<p>Making Skills (including formal elements) Key Skills</p>	<p>Use a range of drawing materials such as pencils, chalk, felt tips and wax crayons. Work on a range of materials of different textures (eg. playground, bark). Begin to develop observational skills by using mirrors to include the main features of faces in their drawings.</p>	<p>Use a range of drawing materials such as pencils, chalk, charcoal, pastels, felt tips and pens. Develop observational skills to look closely and reflect surface texture through mark-making. To explore mark making using a range of tools; being able to create a diverse and purposeful range of marks through experimentation building skills and vocabulary.</p>	<p>Further develop mark-making within a greater range of media, demonstrating increased control. Develop observational skills to look closely and reflect surface texture through mark-making. Experiment with drawing on different surfaces, and begin to explore tone using a variety of pencil grade (HB, 2B, 4B) to show form, drawing light/dark lines, patterns and shapes.</p>	<p>Confidently use of a range of materials, selecting and using these appropriately with more independence. Draw with expression and begin to experiment with gestural and quick sketching. Developing drawing through further direct observation, using tonal shading and starting to apply an understanding of shape to communicate form and proportion.</p>	<p>Apply observational skills, showing a greater awareness of composition and demonstrating the beginnings of an individual style. Use growing knowledge of different drawing materials, combining media for effect. Demonstrate greater control over drawing tools to show awareness of proportion and continuing to develop use of tone and more intricate mark making.</p>	<p>To use a broader range of stimulus to draw from, such as architecture, culture and photography. Begin to develop drawn ideas as part of an exploratory journey. Apply known techniques with a range of media, selecting these independently in response to a stimulus. Draw in a more sustained way, revisiting a drawing over time and applying their understanding of tone, texture, line, colour and form.</p>	<p>Draw expressively in their own personal style and in response to their choice of stimulus, showing the ability to develop a drawing independently. Apply new drawing techniques to improve their mastery of materials and techniques. Push the boundaries of mark-making to explore new surfaces, e.g. drawing on clay, layering media and incorporating digital drawing techniques.</p>

Knowledge of artists Key Skills	Enjoy looking at and talking about art.	Describe similarities and differences between practices in Art and design, eg between painting and sculpture, and link these to their own work.	Talk about art they have seen using some appropriate subject vocabulary. Be able to make links between pieces of art.	Use subject vocabulary to describe and compare creative works. Use their own experiences to explain how art works may have been made.	Use subject vocabulary confidently to describe and compare creative works. Use their own experiences of techniques and making processes to explain how art works may have been made	Research and discuss the ideas and approaches of artists across a variety of disciplines, being able to describe how the cultural and historical context may have influenced their creative work.	Describe, interpret and evaluate the work, ideas and processes used by artists across a variety of disciplines, being able to describe how the cultural and historical context may have influenced their creative work.
Evaluating and Analysing Key Skills	Talk about their artwork, stating what they feel they did well.	Describe and compare features of their own and other's art work.	Explain their ideas and opinions about their own and other's art work, giving reasons. Begin to talk about how they could improve their own work.	Confidently explain their ideas and opinions about their own and other's art work, giving reasons. Use sketchbooks as part of the problem-solving process and make changes to improve their work.	Build a more complex vocabulary when discussing their own and others' art. Evaluate their work more regularly and independently during the planning and making process.	Discuss the processes used by themselves and by other artists, and describe the particular outcome achieved. Use their knowledge of tools, materials and processes to try alternative solutions and make improvements to their work.	Give reasoned evaluations of their own and others work which takes account of context and intention. Independently use their knowledge of tools, materials and processes to try alternative solutions and make improvements to their work.

Making Skills (including formal elements) Key Skills	Explore paint including different application methods (fingers, splatter, natural materials, paintbrushes.) Use different forms of 'paint' such as mud and puddles, creating a range of artwork both abstract and figurative.	Experiment with paint, using a wide variety of tools (eg brushes, sponges, fingers) to apply paint to a range of different surfaces. Begin to explore colour mixing. Play with combinations of materials to create simple collage effects.	Begin to develop some control when painting, applying knowledge of colour and how different media behave eg adding water to thin paint, using different tools to create texture. <p>Making Skills (including formal elements) Key Skills</p>	<p>Push, pull and twist a range of modelling materials to affect the shape. Create child-led 3D forms from natural materials. Join materials in different ways e.g. using sticky tape to attach materials, making simple joins when modelling with playdough.</p>	<p>Use their hands to manipulate a range of modelling materials, including paper and card.. Explore how to join and fix materials in place. Create 3D forms to make things from their imagination or recreate things they have seen</p>	<p>Develop understanding of sculpture to construct and model simple forms. Use hands and tools with confidence when cutting, shaping and joining paper, card and malleable materials. Develop basic skills for shaping and joining clay, including exploring surface texture..</p>	<p>Able to plan and think through the making process to create 3D forms. Shape materials for a purpose, positioning and joining materials in new ways (tie, slot, stick, fold, tabs). Explore how shapes can be used to create abstract artworks in 3D.</p>	<p>Explore how different materials can be shaped and joined, using more complex techniques such as carving and modelling wire. Show an understanding of appropriate finish and present work to a good standard. Respond to a stimulus and begin to make choices about materials and techniques used to work in 3D.</p>	<p>Investigate how scale, display location and interactive elements impact 3D art. Plan a 3D artwork to communicate a concept, developing an idea in 2D into three dimensions. Persevere when constructions are challenging and work to problem solve more independently.</p>	<p>Uses personal plans and ideas to design and construct more complex sculptures and 3D forms. Combine materials and techniques appropriately to fit with ideas. Confidently problem-solve, edit and refine to create desired effects and end results.</p>

Formal Elements							

<p>Shape Key Knowledge</p>		<p>Know a range of 2D shapes and confidently draw these. Know that paper can be shaped by cutting and folding it.</p>	<p>Know that collage materials can be shaped to represent shapes in an image. Know that shapes can be organic (natural) and irregular. Know that shapes can be geometric if they have mostly straight lines and angles. Know that patterns can be made using shapes.</p>	<p>To know that negative shapes show the space around and between objects. To know that artists can focus on shapes when making abstract art.</p>	<p>To know how to use basic shapes to form more complex shapes and patterns.</p>	<p>To know that a silhouette is a shape filled with a solid flat colour that represents an object.</p>	<p>To know how an understanding of shape and space can support creating effective composition.</p>
<p>Line Key Knowledge</p>		<p>Know that drawing tools can be used in a variety of ways to create different lines. Know that lines can represent movement in drawings.</p>	<p>Know that lines can be used to fill shapes, to make outlines and to add detail or pattern.</p>	<p>To know that different drawing tools can create different types of lines.</p>	<p>To know that lines can be lighter or darker, or thicker or thinner and that this can add expression or movement to a drawing.</p>	<p>To know that lines can be used by artists to control what the viewer looks at within a composition, eg by using diagonal lines to draw your eye into the centre of a drawing</p>	<p>To know how line is used beyond drawing and can be applied to other art forms.</p>

<p>Pattern Key Knowledge</p>		<p>Know that a pattern is a design in which shapes, colours or lines are repeated.</p>	<p>Know that surface rubbings can be used to add or make patterns. Know that drawing techniques such as hatching, scribbling, stippling, and blending can make patterns. Know that patterns can be used to add detail to an artwork.</p>	<p>To know that pattern can be man-made (like a printed wallpaper) or natural (like a giraffe's skin).</p>	<p>To know that patterns can be irregular, and change in ways you wouldn't expect. To know that the starting point for a repeating pattern is called a motif, and a motif can be arranged in different ways to make varied patterns.</p>	<p>To know that artists create pattern to add expressive detail to art works, for example Chila Kumari Singh Burman using small everyday objects to add detail to sculptures.</p>	<p>To know that pattern can be created in many different ways, eg in the rhythm of brushstrokes in a painting (like the work of van Gogh) or in repeated shapes within a composition.</p>
<p>Texture Key Knowledge</p>		<p>Know that texture means 'what something feels like'. Know that different marks can be used to represent the textures of objects. Know that different drawing tools make different marks.</p>	<p>Know that collage materials can be chosen to represent real-life textures. Know that collage materials can be overlapped and overlaid to add texture. Know that drawing techniques such as hatching, scribbling, stippling, and blending can create surface texture. Know that painting tools can create varied textures in paint.</p>	<p>To know that texture in an artwork can be real (what the surface actually feels like) or a surface can be made to appear textured, as in a drawing using shading to recreate a fluffy object.</p>	<p>To know how to use texture more purposely to achieve a specific effect or to replicate a natural surface.</p>	<p>To know how to create texture on different materials.</p>	<p>To know that applying thick layers of paint to a surface is called impasto, and is used by artists such as Claude Monet to describe texture.</p>

<p>Tone Key Knowledge</p>		<p>Know that 'tone' in art means 'light and dark'. Know that we can add tone to a drawing by shading and filling a shape.</p>	<p>Know that shading helps make drawn objects look more three dimensional. Know that different pencil grades make different tones.</p>	<p>To know some basic rules for shading when drawing, eg shade in one direction, blending tones smoothly and with no gaps. To know that shading is used to create different tones in an artwork and can include hatching, cross-hatching, scribbling and stippling.</p>	<p>To know that using lighter and darker tints and shades of a colour can create a 3D effect. To know that tone can be used to create contrast in an artwork.</p>	<p>To know that tone can help show the foreground and background in an artwork.</p>	<p>To know that chiaroscuro means 'light and dark' and is a term used to describe high contrast images.</p>
